You have to use the manual way, and make a backup of the installation folder (Your Prof. Folder) before you proceed. You need to run this game, and fix a few issues before it'll work. 1. Run the install.bat 2. Click Run Dlg 3. Double click "Start Game" 4. Click next until you get to the license agreement. Accept it. 5. Click next again to begin the Install. 6. Install folder: Your Prof. Folder (The folder with the files in it) 7. Map Folder: The map folder you wish to hack 8. Biz folder: The folder where the Biz.exe is located 9. License folder: The folder with the license.txt in it 10. Click next until you get to the installation. 11. Wait for it to complete, and it will take a while. 12. Click Finish to close the install. 13. Launch the game and make sure it works 14. To Un-Hack, you need to use your Biz.exe. If you don't have it, right click your USR folder and click create a shortcut. Use this shortcut for the Biz.exe. Then go to your Map folder and delete the Biz.exe, and replace it with your new Biz.exe that you created. Enjoy! 1. Don't run both your game and the Un-Hack at the same time! 2. If you want to use your Un-
